

I'm Samantha Conrad and I am running for Secretary of the Wisconsin Cancer Registrars Association (WCRA). As a very detail-oriented person I feel that this will be a great fit. I have taken on previous secretary roles in my student organization in college and truly enjoy recording the minutes for both of my cancer committees. I am excited to get more involved with WCRA and hope to continue the growth and success it has achieved over the years.

I have been working in the cancer registry field for the past 7 years and passed my CTR exam in 2014. Currently, I work for nThrive as an Oncology Data Management Consultant. I am contracted with Froedtert Health and manage their community sites – Community Memorial Hospital in Menomonee Falls and St. Joseph's Hospital in West Bend. Prior to entering the cancer registry world I graduated with my bachelor's degree in Healthcare Administration in 2010 at UW-Milwaukee. After finding my career path, I went on to achieve my Masters in Business Administration in 2015, also through UW-Milwaukee. I love the cancer registry field and enjoy the challenges that it brings every day.

Outside of working I enjoy biking/spinning, golfing and spending as much time as possible with my newly rescued beagle-mix puppy, Toby.

Credentials:

CTR, MBA
