

Samantha Reynolds, CTR

I am currently the Cancer Registry Coordinator for Aspirus, Inc., including eight hospitals and multiple clinics based out of Wausau, Wisconsin. I serve on multiple committees within the organization. I attended the University of Wisconsin Stevens Point for Health Information Management. I have always had a strong interest in health care. After training as a Cancer Registrar, I obtained my CTR certification in spring of 2016. My previous endeavors include working as a CNA, health insurance and managing a dental office.

I am interested in serving as the WCRA President because I am looking to give back to my association. I have been attending WCRA events for four years and recently served as the WCRA Treasurer. My desire to lead, strong attention to detail and high level of organization would mesh well with the duties of the WCRA President. My dedicated leadership would be motivating to the association as a whole.

I am thrilled to accept the nomination to run for President and look forward to the opportunity to serve the association.
